

✝ St. Luke's

2026 Annual Report

Fiscal year 2026 was a milestone year for St. Luke's as we celebrated 160 years of caring for the communities we are privileged to serve. It was an opportunity to reflect on our remarkable history, honor the legacy of those who came before us and look with confidence toward the future.

One hundred sixty years ago, our founders recognized a need in the community and responded with compassion, service and excellence. When they cared for St. Luke's very first patient, they established a commitment that has endured through generations. While healthcare has changed dramatically over the past 160 years, one thing has remained constant: our commitment to exceptional patient care.

Today, St. Luke's has grown to more than 800 providers across 60 specialties and more than 30 locations. That growth has enabled us to meet patients where they want and need to receive care, expanding access while preserving the personal connection that has always been central to who we are. Growth has never come at the expense of what makes St. Luke's special. The patient remains at the center of everything we do.

We continued to grow to serve our communities this year, and we remain committed to that growth into the future. As we expand our reach and capabilities, quality of care remains our cornerstone. Our physicians, staff members and teams continue to pursue the highest standards of care, with a focus on excellent outcomes, an exceptional patient experience and the needs of every individual who entrusts us with their care.

That commitment was reflected in national recognition from organizations including U.S. News & World Report, Becker's Healthcare, Modern Healthcare, Healthgrades and Newsweek. These honors recognize the outstanding care and service delivered by our teams every day. Recognition is gratifying, but it is not the goal. The patient is the goal.

To our patients and our community, thank you for placing your trust in St. Luke's. To our extraordinary physicians, staff members and volunteers, thank you for living our mission every day. It is an honor to serve alongside you, and together, we will build on 160 years of history while shaping an even stronger future for generations to come.

Sincerely,

A stylized, handwritten signature in black ink, appearing to read 'Andrew Bagnall'. The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Andrew J. Bagnall, MHA, FACHE
